## Dealstation

Getting your business organized

Investment Facilitation

Founders Loft company 50% on the first month of Epic and an initial (1h) "fundraising execution" meeting. In these cases, companies register a discount code upon payment, and contact me via this email address for consulting assistance. They have a basic version "DealStation Go" that's free to use.

DealStation is a help-you-win technology that enables company leaders to raise funds, manage multiple investor relationships and exit with speed and confidence. Packed with expert guidance and digital tools, each company gets what they need to become investment ready, increase investor interest & FOMO and close more deals, in a fraction of time.
